Outline

Annual electricity supply and demand

Hourly electricity supply and demand

Transport

Space heating and process heat supply

Hydrogen, methane and liquids supply and demand

Annual electricity supply and demand

Hourly electricity supply and demand

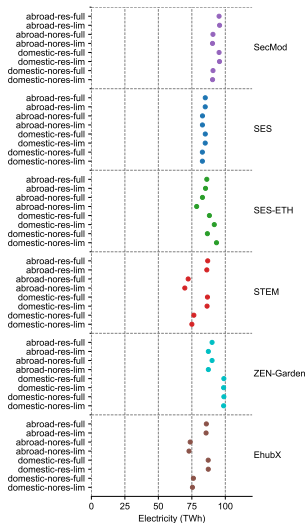

Transport

Space heating and process heat supply

Hydrogen, methane and liquids supply and demand

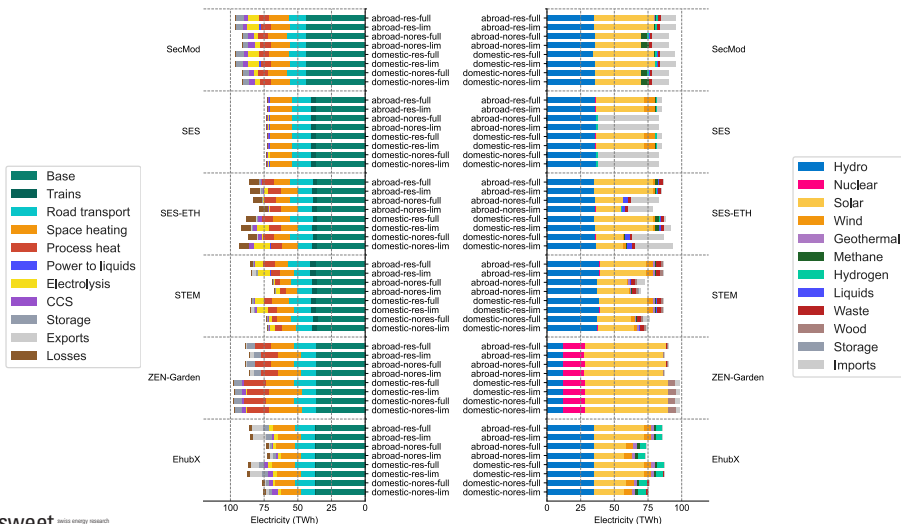

Electricity demand (2050)

Total

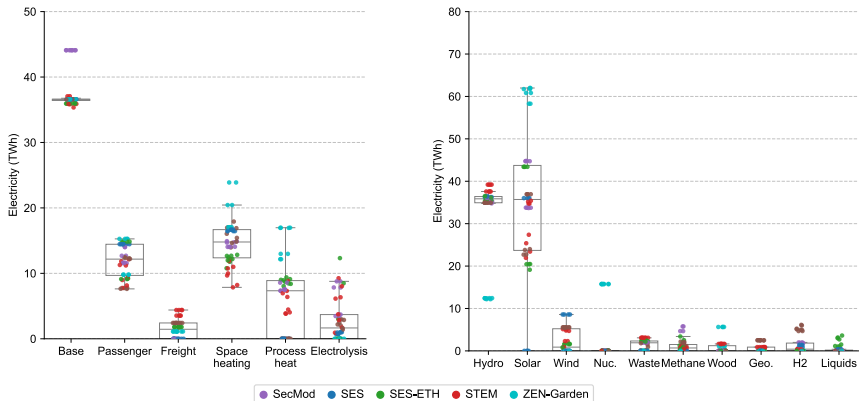

Electricity use and supply (2050)

By end-use and technology

Electricity use and supply (2050)

By end-use and technology

Annual electricity supply and demand

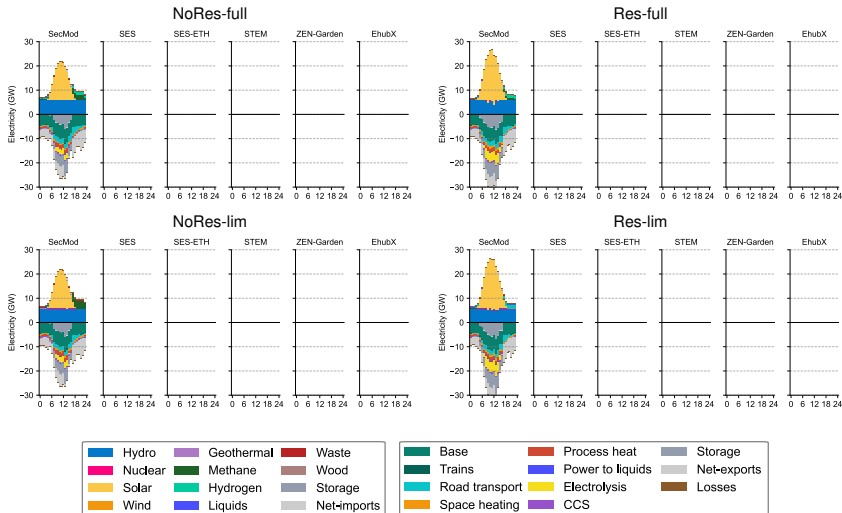

Hourly electricity supply and demand

Transport

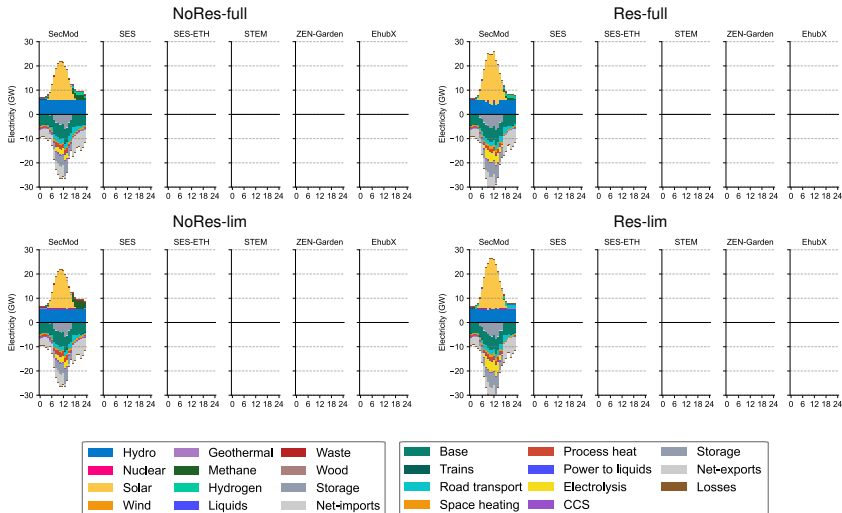

Space heating and process heat supply

Hydrogen, methane and liquids supply and demand

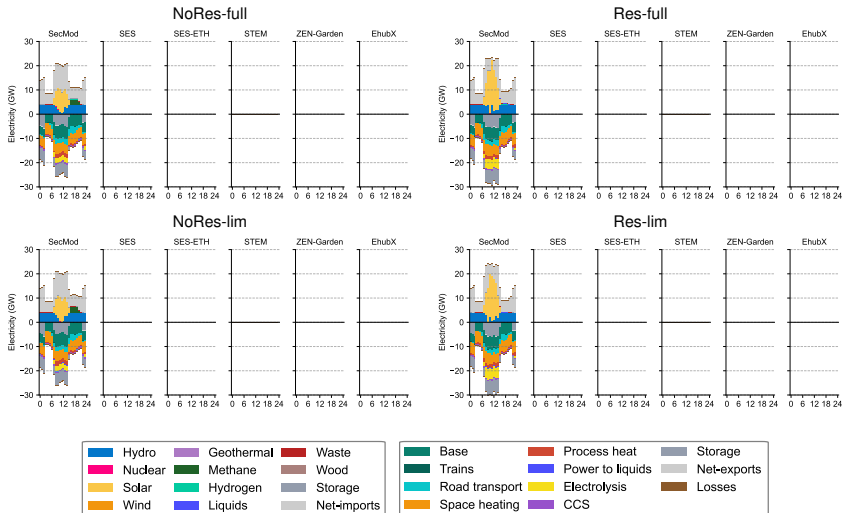

Summer - Abroad

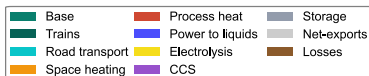

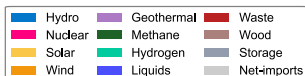

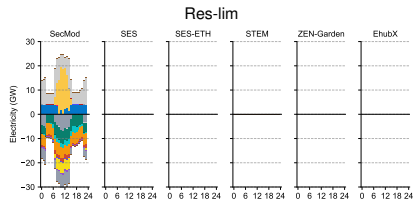

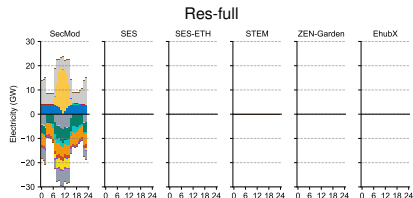

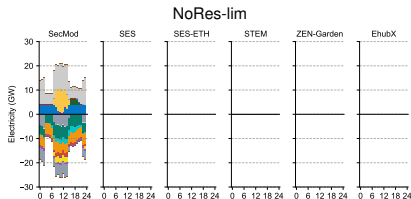

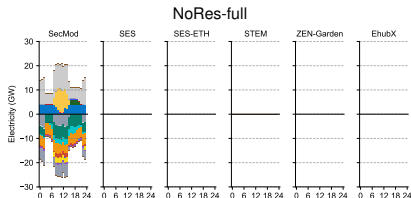

Summer - Domestic

Winter - Abroad

Winter - Domestic

Annual electricity supply and demand

Hourly electricity supply and demand

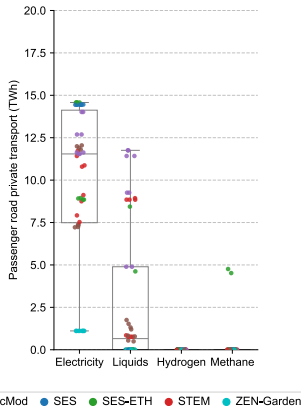

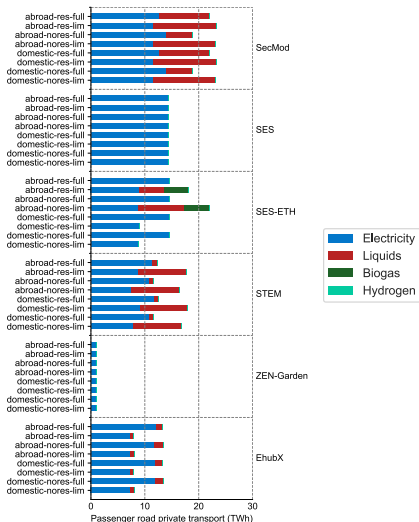

Transport

Space heating and process heat supply

Hydrogen, methane and liquids supply and demand

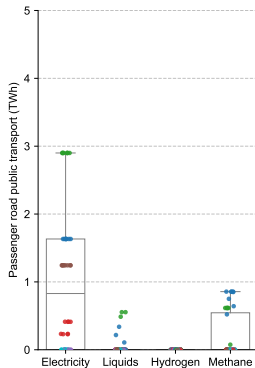

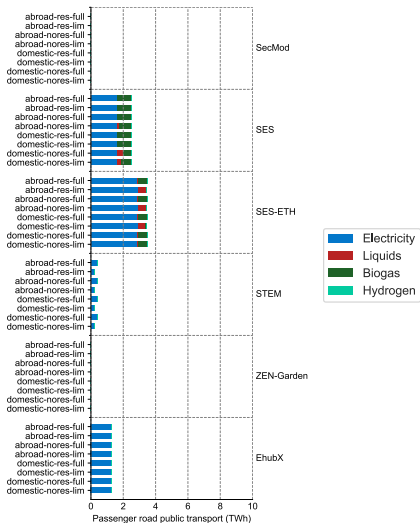

Road transport passenger private (2050)

By fuel

Road transport passenger public (2050)

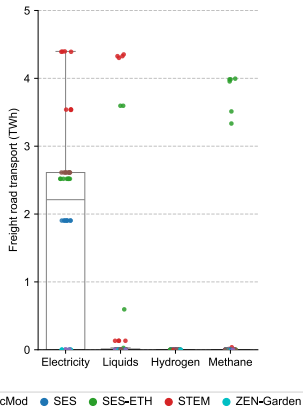

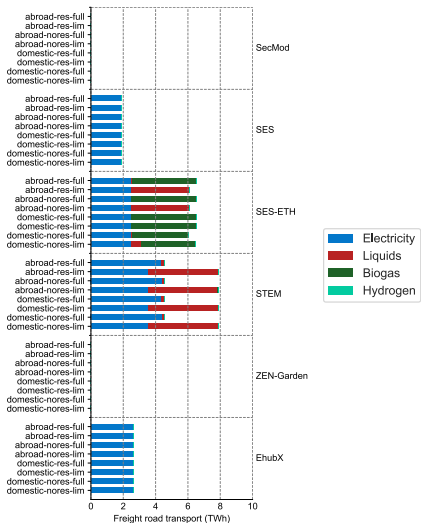

By fuel

● SecMod ● SES ● SES-ETH ● STEM ● ZEN-Garden

Freight transport (2050)

By fuel

Annual electricity supply and demand

Hourly electricity supply and demand

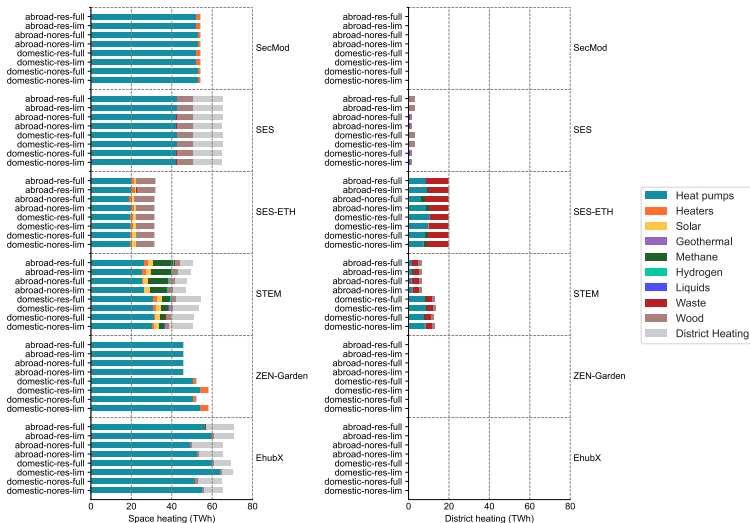

Transport

Space heating and process heat supply

Hydrogen, methane and liquids supply and demand

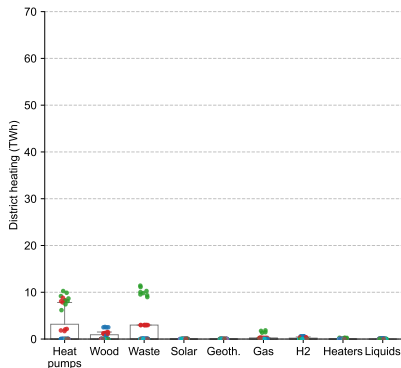

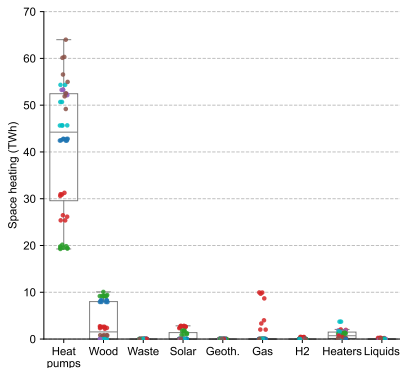

Space heating and hot water (2050)

By technology

Space heating and hot water (2050)

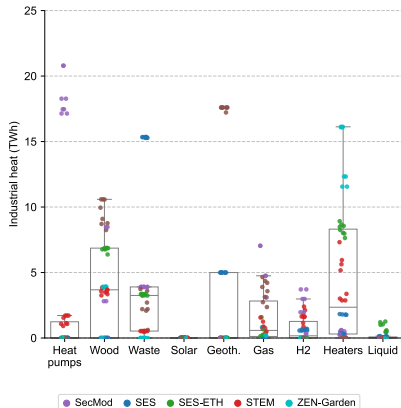

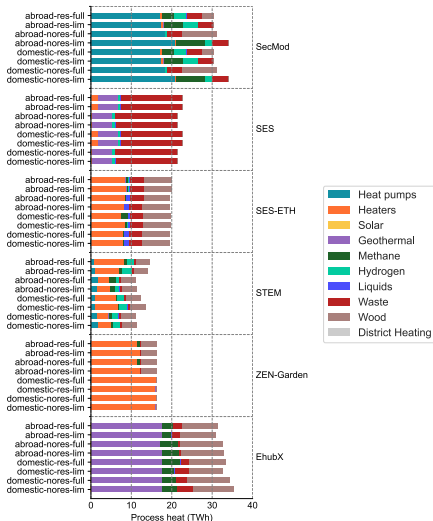

By technology

Legend: SecMod (purple), SES (blue), SES-ETH (green), STEM (red), ZEN-Garden (cyan)

Industrial heat (2050)

By technology

Annual electricity supply and demand

Hourly electricity supply and demand

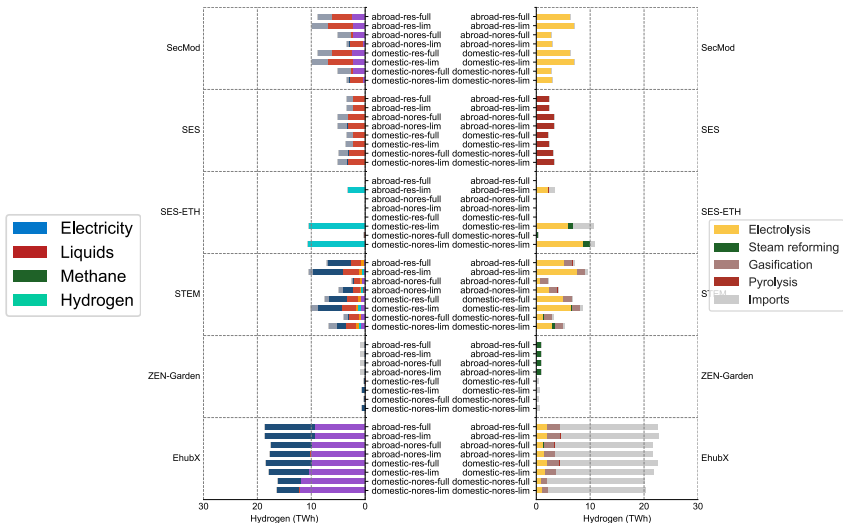

Transport

Space heating and process heat supply

Hydrogen, methane and liquids supply and demand

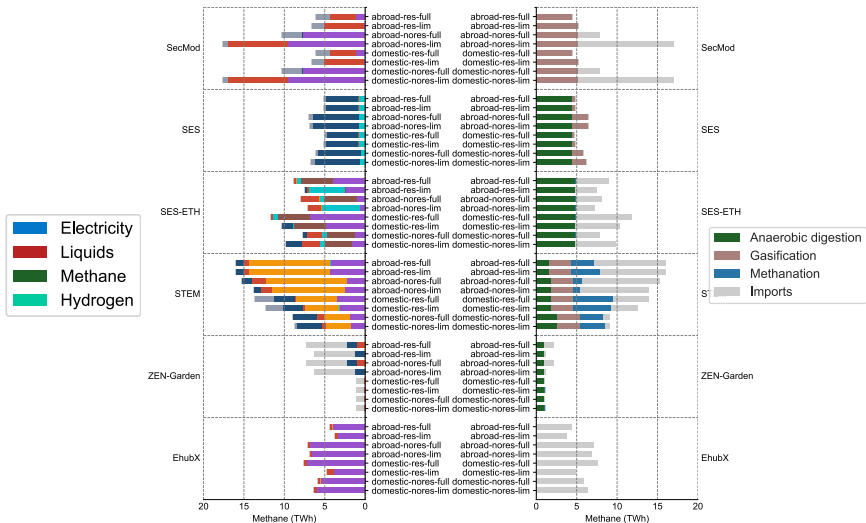

Hydrogen use and supply (2050)

By end-use and technology

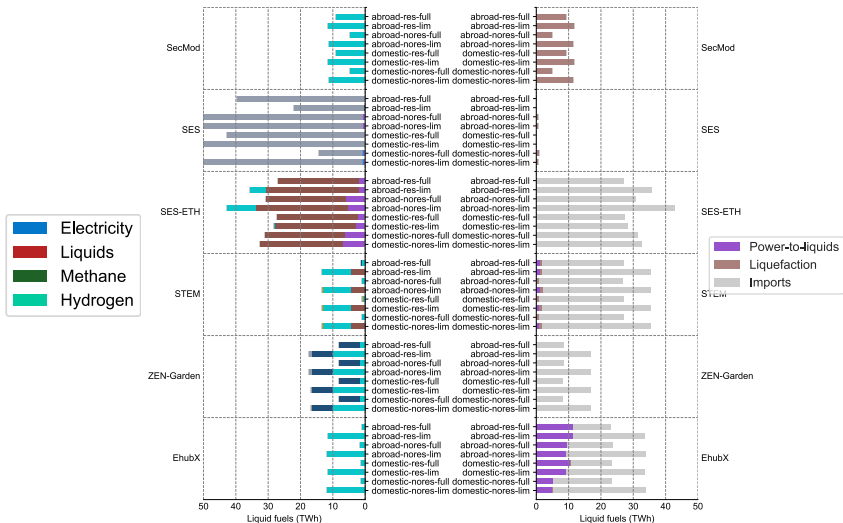

Methane use and supply (2050)

By end-use and technology

Liquids use and supply (2050)

By end-use and technology

Thank you for your attention
